

NUTRITIONAL INGREDIENTS

Where Food, Health & Beauty Meet[®]

NUTRITIONAL INGREDIENTS

Common Name	Scientific Name	Percentage
5-LOXIN®	Boswellia serrata	30% AKBA
Acai	Euterpe oleracea Mart	10% polyphenols
Adipromin™		
Amla	Phyllanthus emblica	30% tannins
Andrographis	Andrographis paniculata	4%, 10%, 20%, 50% andrographolides
Apple	Malus domestica	5% phloridzin, 50% polyphenols
APPOL (apple)	Malus domestica	5% phloridzin, 5% quercetin, 80% polyphenols
Apricot-Nectarine	Prunus persica	50% polyphenols
AprèsFlex®	Boswellia serrata	20% AKBA
Ashwagandha	Withania somnifera	1.5%, 2.5%, 5% withanolides
AquaOlive		7% hydroxytyrosol
AquaROX™ – Rosemary	Rosmarinus officinalis	6%, 10%, 15%, 40% rosmarinic acid
Bacopa	Bacopa monniere	25%, 50%, 55%, 75% bacosides
Bayberry Bark/Leaves	Myrica carolinesis/cerifera	80% myricetin
Bayberry (topical)	Myrica carolinesis/cerifera	90% dihydromyricetin
Bilberry	Vaccinium myrtillus L.	1.2% to 25% anthocyanins (HPLC)
Black Currant	Ribes nigrum	40% polyphenols; 1.4% to 30% anthocyanins
Biosecur™		20%, 100% concentrate liquid
Blueberry Fruit	Vaccinium angustifolium	1.5%-1-25% anthocyanins
Blueberry Leaves	Vaccinium spp.	20% chlorogenic acid
Boswellia	Boswellia serrata	40%, 65%, 85% boswellic acids
Butterbur	Petasites hybridue sp.	14-16% petasins PA Free
Ceramides (see Lipowheat)		
Chamomile	Chamomilla recutita L.	Apigenins: 1.2-1-5%, apigenin 7-glucoside (HPLC): 1.20%
Chaste Tree	Vitex agnus castus	0.6% aucubin; 0.5%, 1% total agnusides
Cherry Stem	Prunus cesarus	Extract 4:1
Climbing Ivy	Hederae helices folium	Hederacosides C ≥ 10% (powder)
Coffee Extract (Green)	Coffee arabica	Up to 45% chlorogenic acids / 5-caffeoylquinic acid, decaf
Cranberry	Vaccinum macrocarpon	4 to 50% proanthocyanidins
Cranberry	Vaccinum macrocarpon	9% to 90% organic acids
Curcumin	Curcuma longa	95% curcuminoids; powder and granules
Cystoseira	Cystoseira canariensis	50%, 90% sulfopolysaccharides
Dandelion	Taraxacum officinale	Flavonoids: 3-4% (leaves) - sterols 0,8%-1% (roots)
Deglycyrrhizinated Licorice	Glycyrrhiza glabra	<3% glycyrrhizinic acid
Devil's Claw (see IridoForce™)	Harpagophytum procumbens	2.5 to 40% harpagosides
Dihydromyricetin (topical)	Myrica carolinesis/cerifera	90%
Dihydroquercetin	Vitis vinifera	90%
Dihydroquercetin	Engelhardtia	20%
Echinacea	Echinacea angustifolia	12% echinacosides
Elderberry	Sambucus nigra	30% polyphenols
Engelhardtia	Engelhardtia chrysolepis	20% dihydroquercetin/astilbin
EyesBerry™	Blend	25% anthocyanins (HPLC)
FruitOx™ (Radical Fruits)	Blend	
Fucoidan (brown seaweed)	Laminaria japonica/ Cystoseira canariensis	20%, 40% polysaccharides
Ginger	Zingiber officinalis	5%, 10%, 15% gingerols
Ginseng	Panax ginseng	Ginsenosides 10 to 30%
GliSODin®	SOD / Gliadin	1 IU/mg
Glucomannan (Konjac)	Amorphophallus konjac	85% dietary fiber
Gotu Kola	Centella asiatica	5%, 10%, 20% asiaticosides
Grape Juice MegaNatural®	Vitis vinifera	45% polyphenols
Grape Leaf	Vitis vinifera	90% dihydroquercetin-3-rhammoside
Grape Pomace MegaNatural®	Vitis vinifera	40%, 80% polyphenols
Grape Seed MegaNatural®	Vitis vinifera	90% polyphenols
Grapefruit Bioflavonoids	Citrus paradisi	45%, 70% flavonoids
Green Tea (regular and decaf)	Camellia sinensis	Up to 98% polyphenols and 60% EGCG

Common Name	Scientific Name	Percentage
Guggul	Commiphora mukul	2.5%, 10% guggulsterones
Gymnema Sylvestre	Gymnema sylvestris	25%, 75% gymnemic acid
Hawthorn	Crataegus oxycanthus	Vitexin-2"-O-rhamnoside 1,8% flavonoids 4%
Hibiscus	Hibiscus sabdariffa	4:1 / > 20% acids / >30% polyphenols
Holy Basil	Ocimum sanctum	2.5% ursolic acid
Horse Chestnut	Aesculus hippocastanum	20%-22% total saponins as aescin
Hytolive™		10%-30% hydroxytyrosol
IridoForce™ 5.2	Harpagophytum procumbens	2.5% harpagoside HPLC (5-7% UV)
IridoForce™ 10.5	Harpagophytum procumbens	5% harpagoside HPLC (10-13% UV)
IridoForce™ 20.10	Harpagophytum procumbens	10% harpagoside HPLC (20-25% UV)
IridoForce™ 40.20	Harpagophytum procumbens	20% harpagoside HPLC (40-50% UV)
Lemon Balm	Melissa officinalis	Rosmarinic acid 5-10% HPLC
Licorice	Glycyrrhiza glabra	2.5%-26% glycyrrhizinic acid
Lipowheat Ceramides	Triticum vulgare	Oil, powder and WS powder
Luteolin	Perilla frutescens	90%
Mango	Mangifera indica	60% mangiferin
Mastic Gum	Pistacia lentiscus	4:1 powder
MegaNatural® GSKE Grape Pomace	Vitis vinifera	80%, 40% polyphenols
MegaNatural® Gold Grape Seed	Vitis vinifera	90% polyphenols
MegaNatural® Red Wine Concentrate	Vitis vinifera	25% polyphenols
MegaNatural® Whole Red Grape Juice Extract	Vitis vinifera	45% polyphenols
MenaquinGold® (see Vitamin K2)		
Milk Thistle	Silybum marianum	80% silymarin; 80% silybin
Momordica	Momordica charantia	7.5% bitters; 0.5% charantin; 4:1, 8:1
Myricetin	Myrica carolinensis/cerifera	80% myricetin
Neohesperidin dimethylchalcone (NHDC)		10% and 95% powder
Nettle	Urtica dioica	1% silica (leaves) - 0,8%-1% sterols (roots)
Nudremyl™ (topical)		Colostrum peptide extract
Olive Fruit	Olea europaea	10-30% hydroxytyrosol
Onion	Allium cepa	>10%, 30% polyphenols and 2.5%, 10% quercetin
Passion Flower	Passiflora incarnate L.	4 and 6% flavonoids
Peppermint	Mentha piperita L.	0.5% and 0.8% rosmarinic acid
Perilla Leaf		90% luteolin
Perilla Seed	Perilla frutescens	3% polyphenols (pwd); 2% polyphenols (liq)
Policosanol		30%, 60% octacosanol, sugar cane, rice bran origins
Pomegranate	Punica granatum	40% ellagic acid
Pomegranate – P40p™	Punica granatum	40% punicosides
Pomegranate Seed Oil	Punica granatum	70% and 80% punicic acid
Prune (Plum)	Prunus domestica	50% polyphenols
Red Clover	Trifolium pratense L.	20% and 40% Isoflavonglucosides
Red Marine Algae	Gigartina skottsbergii	30% kappa-sulfated polysaccharides, 5% sea phenolics
Red Wine Concentrate MegaNatural®	Vitis vinifera	25% polyphenols
Rhaponticum Carthamoides	Rhaponticum carthamoides	5%, 50% phytoecdysteroid
RhodiLife™	Rhodiola rosea	3%, 5% rosavins
Rhododendron	Caucasian rhododendron	50% polyphenols
Rosemary	Rosmarinus officinalis	Rosmarinic acid: 6, 10, 15, 40% Carnosic acid: 2, 4, 6, 15, 20, 40, 50, 60% Ursolic and oleanic acid: 40%
Saffron (see Satiereal)		0.34% safranol
Satiereal™	Saffron	0.34% safranol
Sea Vegetable Blend		
Silybin	Silybum marianum	80% silybin A&B
SOD		1 IU/mg
SkinGest™ PSOR		
Steviasuavé		80% steviosides

Continued

Common Name	Scientific Name	Percentage
Teamax™ W	Camellia sinensis	Water extraction - 12.75-17.25% catequins as EGCG
Tribulus Terrestris	Tribulus terrestris	15%-60% saponins
Triphala	Amla, Behada and Harda	35%, 40%, 45% tannins
Uva Ursi (bearberry)	Arctostaphylos uva ursi	20% arbutin
Ursole™	Rosmarinus officinalis	40% ursolic and oleanolic acid
UTIrose™	Hibiscus sabdariffa	Specific profile from Hibiscus S.
Valerian	Valeriana officinalis	0.4% -0.8% valerenic acids
Vitamin K2 – MK7		0.1%, 0.2%, 0.25% powder 0.25% gran; 0.15%, 0.25% oil
VivOX™ rosemary	Rosmarinus officinalis	2, 4, 6, 15, 20, 40, 50, 60% carnosic acid
White Cherry	Prunus avium	40% polyphenols
Xanthigen™		
Yerbamax™	Ilex paraguaiensis	Caffeine from 2% - caffeoylquinic acids 17-23%
